國家衛生研究院
National Health Research Institutes

Position Open

Director, Institute of Molecular and Genomic Medicine, National Health Research Institutes, Taiwan

Applications and nominations are invited for the position of Director of Institute of Molecular and Genomic Medicine at the National Health Research Institutes (NHRI), Taiwan.

The Director is responsible for supervision of research programs within the institute, as well as for research collaboration with other sections of NHRI and outside institutions. Prospective candidates should have strong organizational, communicative, and interpersonal skills, as well as the ability to interact effectively with others at all levels inside and outside of NHRI. Applicants should have a doctorate (Ph.D. and/or M.D.) in biomedical sciences, molecular biology, genomics or related research fields and demonstrate a successful record of conducting interdisciplinary research.

Familiarity with Taiwan's scientific and medical community, proficiency in the Chinese language, and the ability to work effectively in Taiwan's research environment are preferred.

Interested applicants are asked to submit a complete curriculum vitae, reprints of three selected publications, as well as a statement of research expertise and administrative experience (one or two pages). In addition, please arrange three letters of reference to be sent to:

Search Committee for

The Director of the Institute of Molecular and Genomic Medicine

Department of Research Planning and Development

National Health Research Institutes

35 Keyan Road, Zhunan, Miaoli County 35053, Taiwan

Contact Person: Ms. Joyce Hsu (e-mail: joyce@nhri.org.tw)

For full consideration, the application should be received by January 15, 2017. The position is open till a successful candidate is selected. Submitted materials will not be returned.

Background information regarding this position and the Institute can be found at the web site: <http://www.nhri.org.tw/mg>

NHRI is an equal opportunity employer. Women and non-Taiwanese citizens are encouraged to apply.

國家衛生研究院
National Health Research Institutes

Position Open

Director, Institute of Cellular and System Medicine, National Health Research Institutes, Taiwan

Applications and nominations are invited for the position of Director of Institute of Cellular and System Medicine (ICSM) at the National Health Research Institutes (NHRI), Taiwan.

The Director is responsible for supervision of research programs within the institute, as well as for research collaboration with other sections of NHRI and outside institutions. Prospective candidates should have strong organizational, communicative, and interpersonal skills, as well as the ability to interact effectively with others at all levels inside and outside of NHRI. Applicants should have a doctorate (Ph.D. and/or M.D.) in biomedical sciences and demonstrate a successful record of conducting interdisciplinary research, particularly in aging-related cardiometabolic and neurodegenerative diseases, and their therapy and regeneration.

Familiarity with Taiwan's scientific and medical community, proficiency in the Chinese language, and the ability to work effectively in Taiwan's research environment are preferred.

Interested applicants are asked to submit a complete curriculum vitae, reprints of three selected publications, as well as a statement of research expertise and administrative experience. In addition, please arrange three letters of reference to be sent to:
